Abbey Mack Named Managing Attorney of Crescent Title's New River Parishes Office

Crescent Title recently opened its first branch in the River Parishes and Abbey Mack has been named Managing Attorney.

Mack is a graduate of the University of New Orleans and the Tulane University School of Law. She has been an active real estate title attorney in the River Parishes for over 20 years, and has extensive experience in title examinations and transactional work for residential and commercial closings.

A member of the New Orleans, Jefferson, and Louisiana Bar Associations, Mack is also active in legislative issues. She was on the committee of real estate professionals which drafted the new mandatory statewide purchase agreement for residential real estate, which was approved by the Louisiana legislature in 2006.

“Prior to the adoption of the statewide purchase agreement, the many different real estate contracts used throughout Louisiana caused much confusion, resulting in contract misunderstandings and other issues for Louisiana consumers and real estate professionals,” said Mack. “With the adoption of a single well-crafted purchase agreement, consumers are now better protected when buying or selling a home.”

The new Crescent Title office is located at 12 Storehouse Lane in Destrehan. Crescent Title is the area's largest real estate title company, closing nearly 5000 residential and commercial transactions annually. The company can be found on the web at www.crescenttitle.com.
